### 2016 Medicare Star Ratings\*

The Medicare Program rates all health and prescription drug plans each year, based on a plan's quality and performance. Medicare Star Ratings help you know how good a job our plan is doing. You can use these Star Ratings to compare our plan's performance to other plans. The two main types of Star Ratings are:

1. An Overall Star Rating that combines all of our plan's scores.
2. Summary Star Rating that focuses on our medical or our prescription drug services.

Some of the areas Medicare reviews for these ratings include:

- How our members rate our plan's services and care;
- How well our doctors detect illnesses and keep members healthy;
- How well our plan helps our members use recommended and safe prescription medications.

For 2016, Aspire Health Plan received the following Overall Star Rating from Medicare.

Not enough data available\*

We received the following Summary Star Rating for Aspire Health Plan's health/drug plan services:

Health Plan Services: Not enough data available

Drug Plan Services:  3.5 Stars

The number of stars shows how well our plan performs.

-  5 stars - excellent
-  4 stars - above average
-  3 stars - average
-  2 stars - below average
-  1 star - poor

\*Some contracts do not have enough data to rate performance.
