

Medication Therapy Management Program (MTMP) 2016 Reference Sheet

The Medication Therapy Management Program is a requirement for all Medicare Part D sponsors. This program targets specific Medicare recipients and looks to ensure that the prescription medications that they are taking are being used appropriately and also works toward creating the most favorable therapeutic outcomes through improved medication use. The MTM program looks at the member's medication usage for safe prescribing practices, with the goal to reduce a member's risk of any adverse events, including adverse drug interactions.

Medication Therapy Management Program Eligibility Criteria

Beneficiaries are enrolled in the MTM program when they meet all of the following criteria:

- Taking multiple covered Part D medications per month. The minimum number of medications that a beneficiary must be taking per month is **eight**.
- Total drug cost exceeds the monthly or quarterly threshold amount that is a determined off of the annual threshold amount set by CMS each year. The annual drug cost threshold for this year is **\$3,507**.
- Having a minimum of **three** chronic disease states from one of the following conditions: Chronic Heart Failure (CHF), Diabetes, Dyslipidemia, Hypertension, Depression, and COPD

Beneficiaries that meet these three criteria are auto-enrolled into the program. Analysis is done on a quarterly basis to identify members that meet the above criteria, and to enroll them in the MTM program.

MTM Notifications and Mailings	Description
<p>Introduction Letter (Members Targeted Quarterly)</p>	<ul style="list-style-type: none"> • The introductory letter is sent to the member after they meet the eligibility criteria listed above. This letter notifies the member that they qualify for the MTM program at no charge. • This is an optional program for members, in which members can opt out at their choice at any time. To “OPT-OUT” of the MTM program, the beneficiary may call 1-800-546-5677, 24 hours a day, 7 days a week (TTY 866-706-4757). • The introductory letter also includes an offer of a Comprehensive Medication Review (CMR), including a list of the member's prescriptions medications filled for the previous quarter, and any identified savings or therapy change observations.
<p>Comprehensive Medication Review (CMR)</p>	<ul style="list-style-type: none"> • A Comprehensive Medication Review is an interactive, person-to-person consultation between the member, or a member's appointed representative, and one of our qualified pharmacists. This consultation consist of a thorough review of the member's medication use, including prescription, Over-the-Counter (OTC), and herbal products. • If interested in receiving a comprehensive medication review, call 1-800-546-5677, TDD/TYY 1-866-706, to schedule an appointment for a review at a later time. Members that receive a CMR consultation will also receive an individualized follow-up summary letter that covers what was discussed during the consultation.

Medication Therapy Management Program (MTMP) 2016 Reference Sheet
