Dear Member,

The Medicare Advantage annual election period (open enrollment) is upon us again.

Each year, as a Medicare Advantage member, you have the opportunity to review your Aspire benefits for the coming year. By now you should have received your Annual Notice of Changes (ANOC) book. Take time to review the ANOC and the minor changes to your benefits for 2019. If you have questions, give us a call. If your Aspire benefits continue to meet your healthcare needs for 2019 — you do nothing, just sit back and enjoy the holidays.

One exciting addition to our benefits in 2019 is our new fitness benefit through Silver&Fit®. You asked for this new fitness benefit and we heard you. In fact, we added this benefit because of feedback from members like you. This year you will also continue to enjoy access to hundreds of doctors in our network. These doctors share our commitment to high-quality, coordinated care. **Need help scheduling a service?** Our team of experts is here to help. Let us guide you through the process and get the soonest-available appointment. **We are a phone call away.**

Finally, Aspire is celebrating 5 years of our all-in-one plans, and we hope you’ve been happy with the service and benefits we provide. It is through your feedback and support that we have continued to grow each year. With members like you spreading the word, we are able to support the health and wellness of our community. We know you have Medicare options, so thanks for entrusting us with your health.

Wishing you all the best in 2019.

Sincerely,
Cyndie M. O’Brien
Chief Sales, Marketing and Member Relations Officer

In collaboration with
The Silver&Fit® exercise and healthy aging program is coming to Aspire Health Plan January 1, 2019. With something for everyone, it will be easy to keep your New Year’s fitness resolutions.

**TWO WAYS TO PARTICIPATE**

**Fitness Facility Program** — Enroll for access to a variety of fitness facilities, from national chains to small community clubs.

Silver&Fit® provides access to a fitness center or YMCA for only $25 per year. Some have classes designed for older adults. They may also offer dance or yoga studios and/or swimming pools.* Among the fitness centers you will have access to are Snap Fitness, Gold’s Gym, Anytime Fitness, and Curves.

**Home Fitness Program**

Prefer to work out on your own? No problem. You can enroll in the Home Fitness Program for just $10 per year. You’ll get to choose 2 home fitness kits each benefit year, with kits available for all levels of ability.

The kits include DVDs, guides, and other items to help you get fit on your own terms.

**Some of the fun 34 options are:**
- Cardio strength
- T’ai chi
- Chair dancing
- Chair boxing
- Yoga
- Total body workout
- And many more

Whether you choose a fitness center or YMCA, or you prefer the Home Fitness Program, all Silver&Fit® members get:

- Healthy Aging classes 4 times a year (online or by mail)
- The Silver Slate newsletter 4 times a year (online, by email, or by mail)
- The Silver&Fit Connected™ program — a fun and easy way to track your exercise at a fitness center, or through a wearable fitness device** or app and earn rewards
- Other web tools like a fitness center search, challenges, and online classes

*Services that call for an added fee are not part of the Silver&Fit program.

**Rewards subject to change; purchase of a wearable fitness device or application may be required and is not reimbursed by the Silver&Fit program.

**Go green.**  YOU ASKED AND WE LISTENED.**

We will now be providing our Annual Evidence of Coverage electronically. You can always request this document in hard copy, if needed.

You can also elect to receive the Aspire Advocate, Community Connections classes, and information on other member educational events via email. You may opt out of these electronic communications at any time, and we will never send private or personal information via email.

NEW Medicare cards

By now, you’ve received your new Medicare card and stored it away in a safe place. As a reminder:

- The new Medicare card doesn’t replace your Aspire Health Plan card.
- The new Medicare number is needed to join, leave, or switch to a different plan.
- You should destroy your old Medicare card once you receive your new card.

While the new Medicare cards are designed to minimize fraud, they have sparked some new scams.

Aspire and Medicare want you to know that there is no activation process or fee for your card. Medicare will never initiate calls and ask to verify information over the phone.

Another con involves beneficiaries being told they have a refund on their old Medicare cards and need to provide their bank information to process the return of the funds.

If anyone calls asking for personal or financial information, hang up the phone and report the scam to the federal government at 1-800-MEDICARE.

Aspire will occasionally call you about programs we think may be of benefit to you. If we call you from Aspire, we will ask you to confirm some personal information to verify we are speaking with the right person. If you have any doubts about the call, you can call Member Services to verify it is a legitimate call. Member Services: (855) 570-1600

More than unconditional love

If you are a pet owner you already know how much your furry friend improves your quality of life. The unconditional love we feel for our pets, and they for us, is undisputed. But more and more we are hearing about the benefits to our physical health, emotional health, and mental well-being. So, if you are debating an addition to the family, read on to discover some incredible benefits of owning a pet.

Before getting a pet, consider if you are physically, mentally, and financially able to care for it. Take the pet’s size into consideration, and avoid puppies, which require a great deal of training, time, and energy. Consider taking a veterinarian or a professional breeder with you to the shelter. They can help you determine which pet has the best chance of developing into a good companion for you.

It’s no surprise that dog owners are more likely to get the recommended amount of exercise. Whether throwing a Frisbee or simply taking a stroll, dog owners get outside and move. The physical activity boosts heart health. On top of that, just being outdoors has been shown to improve mental health and reduce stress. The levels of Vitamin D, essential for fighting depression and building a healthy immune system, are raised from spending time outdoors.

Pets can boost heart health in other ways, too. Just interacting with a dog has been shown to have health benefits. A 2007 UCLA study showed that patients suffering from heart failure had improved cardiopulmonary pressures, healthier neurohormone levels, and less stress after a 12-minute visit with a dog. According to the CDC, just having a dog around helps lower blood pressure.

Animals, particularly dogs, are often used to help manage stress. Researchers have found that people who have their pets around show less stress during stressful tasks. Cats, known for being low maintenance, are particularly good for reducing stress. All pets decrease the level of stress—more than even a spouse, family member, or close friend. This improvement in emotional health makes us more resilient, self-confident, and able to develop strong, healthy relationships.

Finally, pets promote social interactions. They act as an icebreaker, increasing the opportunities to meet your neighbors. It’s no surprise that dog owners are more likely to form new friendships. Cats, rabbits, snakes, or any other pet can also help foster those connections. So what are you waiting for?

3 ways toward a healthy, happy holiday season

1. Get a flu shot
Flu season starts in October and lasts until spring, so now is the perfect time to protect yourself. This no-cost benefit is the first step to prepare for the holiday season.

2. Just say 90-day
Getting a 3-month (90-day) refill of the medications you take regularly just makes sense. Ordering through mail order is more convenient, and it can offer a cost savings.

3. Be active every day
Walking the dog, gardening, or even marching in place (you can do it from a seated position, too), are all great ways to stay active. The key is to move your body every day.
Aspire Health Plan provides comprehensive medical and pharmacy benefits, but many of our members want additional coverage like dental, vision, hearing, and more.

In 2019, Aspire is offering our members two options for their Enhanced Benefits. If you only want dental and vision for a low monthly premium, we have our Enhanced Benefits — Option A. If you are looking for added services like hearing aids, meals after a hospital stay, and additional transportation, explore our Option B package.

**SIGNING UP FOR ENHANCED BENEFITS IS EASY**
Aspire will automatically send members who were enrolled in the Enhanced Benefit package a new application in November. For those not enrolled in 2018, call the Member Services department, or stop by the Aspire office to obtain your application.

Aspire has added great new providers like Delta Dental™ and Mom’s Meals NourishCare®.
